Functional Requirements Document (FRD)

1. Cart Management Functionality

1.1 Description

The Cart Management module allows users to add products to their shopping cart, view cart contents, remove products, and clear the cart.

1.2 Functional Requirements

A. View Cart

- Users can view their shopping cart.
- Users can see:
  - Product name
  - Product price
  - Product image
  - Product quantity
  - Total cart price
- If the cart is empty, users will see an empty cart with a total price of zero.

B. Add Product to Cart

- Users can add products to the shopping cart.
- Users must provide:
  - Product ID
  - Quantity (default value = 1)
- Users must select a valid product.
- Quantity must be greater than zero.
- If the product already exists in the cart:
  - The quantity will be increased automatically.
- If the quantity becomes zero or negative:
  - The product will be removed from the cart automatically.
- The total cart price will update after every change.

C. Remove Product from Cart

- Users can remove a specific product from the shopping cart.
- Products are removed using the Product ID.
- The cart updates immediately after the product is removed.

D. Clear Cart

- Users can clear all products from their shopping cart.
- All cart items associated with the user will be removed.

---

2. Review Management Functionality

2.1 Description

The Review Management module allows users to create product reviews and allows administrators to manage reviews.

2.2 Functional Requirements

A. Create Review

- Users can submit reviews for products.
- Users must provide:
    - Product ID
    - Rating
    - Optional comment
- Users must select a valid product and provide a rating.
- Reviews are linked to:
    - The user who submitted the review
    - The selected product

B. View Product Reviews

- Users can view all reviews related to a product.
- Users can see:
    - Reviewer name
    - Reviewer profile picture
    - Rating
    - Comment

C. Delete Review (Admin)

- Administrators can delete inappropriate or unwanted reviews.
- Only existing reviews can be deleted.
